

OUR END OF LIFE CARE PLAN

WHAT TO EXPECT

#Platinum Package

Talking about the end of life isn't easy, but a few decisions now can make things much easier later for those you love. Our **Platinum Package** includes an End of Life Care Plan, letting you set out your wishes for medical care and funeral arrangements in advance.

See the next slides for what's included.

Medical treatment if you lose capacity

If you lose mental capacity, an advance directive (RENTEV in Portugal) lets you state which medical treatments you'd want — or not want — such as life support or resuscitation.

Your wishes are clearly recorded and registered with the National Health Service (SNS).

iMergencies
we are here.

Funeral arrangements, your way

You can plan your funeral in as much or as little detail as you like. This might include:

- Whether you want to be cremated or buried
- If you'd like a ceremony or not
- The location and music for the service
- Where your ashes should go, if applicable
- Repatriation to your home country, if needed
- Body donation to medical science, if that's something you'd like

Everything can be recorded ahead of time so your wishes are followed.

Prepaid and organised in advance

You can prepay for your funeral through a PPR (via Mapfre), all arranged directly through our office.

Booking a funeral via iMergencias also gives you access to discounted rates through our trusted funeral agency partner.

We'll also assist you with:

- Obtaining death certificates
- Translating between your family and the funeral agency
- Providing full support throughout the entire process

THANK YOU

FOR READING

Making these plans now can make a big difference to the people you care about. It means they won't have to make difficult decisions on your behalf, and everything will already be in place.
